The Town's new Public Safety Complex parking lot is substantially completed.

## PUBLIC SAFETY LOT SUBSTANTIALLY COMPLETE

The Town's new parking lot at the **Public Safety Complex** just north of Jarvis Hall is substantially complete.

Crews this week were still attending to minor landscaping work and other punch-list items

Turtle-friendly lights for the new lot will be installed after they are delivered.

The lot will provide parking for 29 vehicles, 18 more spaces than were available before. Nine of the parking spots will be metered for parking by the general public.

Employees from the Broward Sheriff's Office, American Medical Response and the Volunteer Fire Department will park there, as will some of the Municipal Services workers who now park their personal vehicles in the State Road A1A lot.

The construction of this new parking lot will help free up more parking spaces for the general public in the Town Hall and A1A lots.
